## THE APPLIED RESEARCHES FINANCING DIRECTION

### “COGNITIVE MODELING

### IN THE PHYSICAL TRAINING AND SPORT” (“NFS”)

### OF “THE SF "SFA CMT" NAMED AFTER N.A. PROKOPENKO”

The developed “The applied researches financing direction “Cognitive modeling in the physical training and sport”” (“NFS”) treats to the applied researches financing divisions of “The scientific fund “System and financial analysis based on cognitive modeling technology” named after N.A. Prokopenko” (“The SF “SFA CMT” named after N.A. Prokopenko” – The SF) as the first SF in structure of “The SIO “Academy of cognitive natural sciences”” (“The SIO “ACNS””), an additional component of science and education system of the modern country for the financing of creation, distribution and use of the applied main and derivative scientific results of the cognitive modeling technology (CMT) (www.vetrovan.(spb.)ru) [see the applied researches financing directions and departments of The SF]:

- 1) it is executed by the principle of “administrative-economy submission”;
- 2) works in several main directions, which allow to provide the financing of development, production and promotion of the applied main and derivative scientific results (my second report on SRW from 2006-2008(9) y. was submitted to “The SPbSETU “LETI”” and The Government of The RF for the translation, carrying out of int. action and receiving of “The Nobel Prize”);
- 3) includes several various main divisions:

I. “The applied researches financing department “The applications of the sport, sports sciences and actions”” (“SSSNM”) [*the financing of applied researches and developments in area “Applications of physical training and sport”* – usage of theory of physical training and sport, usage of theory of methodological and medical-biological bases of physical training and sport, usage of theory of material-technical base of physical training and sport, usage of theory of methodical bases of kinds of sport and sport competitions, usage of theory of cognitive modeling technology in applications of physical training and sport].

The applied researches financing directions and departments of The SF allow to the financing of development, production and promotion of the applied main and derivative scientific results of CMT.
